

Job Title: Multimedia Graphic Designer 100%

Join Givaudan Impact your world

Multimedia Graphic Designer 100%

An exciting opportunity has come up in the Flavor Communications team at Givaudan. As Multimedia Graphic Designer, you will work with an international team of creative professionals on a variety of visual communication projects to support Givaudan's Flavor Division needs. You will work from our Kempththal office and this role may require occasional travel.

Sound interesting? It could well be your perfect opportunity if, like us, you always aim to exceed customer needs, provide value and are experienced at fostering customer relationships.

You will:

- **Lead creative projects**
You will lead global, regional and local projects from conception to completion using the media most appropriate to the project needs. You will work with other creative professionals within the Creative Services team and vendors, both collaborating and working autonomously as needed.
- **Creative execution**
Working with a variety of company partners across different departments, you will translate business and marketing needs into impactful and creative visual concepts for our promotions, communications and presentations.
- **Global and local needs**
You will support the Creative Services team and partners from around the world on a variety of different needs.

You?

Are you someone who wants to grow your world? Who succeeds being in a culture where you can express yourself in a creative team environment? Who wants to collaborate and learn together with teams who are as passionate as you are? Then join us – and impact your world.

You have:

- Bachelor's degree in Digital Arts, Multimedia Design, Graphic Design or similar
- 4+ years in a similar role at agency level or in a multinational company
- Proficient in Adobe Creative Suite (Premiere, After Effects, Photoshop, Illustrator, InDesign etc.)
- Skill-set includes: video editing, animation, social media design, design for web/apps and ability to work and direct in new technologies (AR, VR, QR etc.)
- Desirable skills (but can learn on the job): video shooting, photo-shooting, layout
- Keep up with latest design and technology trends
- Can work with Mac & PC
- Structured and concise
- Track record in project management
- Full fluency in English

Our Benefits:

- Home office opportunities
- Variable pension fund contribution
- Sport and leisure club
- Company shop
- Staff restaurant
- Bike badge
- Public transportation support
